# Calendar of Law Enforcement Mobilizations and Specialized Enforcement Periods

This Calendar of **Mobilization and Specialized Enforcement Periods** is intended to help law enforcement agencies plan for the future.

The **Mobilizations and Specialized Enforcement Periods** are national enforcement operations during which law enforcement officers will be conducting aggressive traffic enforcement operations targeting specific traffic violations in a coordinated, cooperative multi-agency approach. Not only will these enforcement efforts keep our streets and highways safer, but a heightened perception of risk will occur due to the increased number of officers deployed in the operation. Get involved. Join other law enforcement agencies in your State or community to make a difference.

Event	Dates		Special Emphasis
Buckle Up America/ Memorial Day Week*	May 24-31, 1999		Child Passenger Safety/Seat Belts
